Investment Process

- Screen broad universe of approximately 2,500 small to medium cap stocks based upon:
 - Credit worthiness
 - Capital investment
 - Sales momentum
 - Approximately 600 companies evaluated by focusing on:
 - Life Cycle stage
 - Level, trend and sustainability of economic return
 - Yields a potential buy list of approximately 200 firms that we believe are well managed
 - A portfolio is constructed after target prices are established and relative attractiveness is considered
 - Dual diversification by Life Cycle stage and sector are integral to portfolio construction
- Diversification does not assure a profit or protect from loss in declining markets.**
